

ARTEMIDE - NUR ACOUSTIC WHITE INTEGRALIS - (WHITE)

฿69,000.00

The bestselling appliance Nur, an iconic product from the Artemide collection, is restyled in a new acoustic version. The bell-shaped body is designed to mark the boundaries through light, as well as with ambient sound control. The special material absorbs sound waves and reduces their reverberation time, the body's geometry enhances the material's properties by trapping and absorbing sound within. The selected colours, matched with a white inner surface, valorize light. Perfect environmental quality is thus obtained.
